Description			
<i>Provide a short description of the event and its activities.</i>			
<p>The event was divided into two workshop meetings. The first: an exploratory workshop was held on June 24 in Krakow. The workshop was led by trainers from the Pacifica Agency, which was responsible for creating the workshop methodology in cooperation with the Geremek Foundation. The workshop was also a methodology training for trainers from the Geremek Foundation</p> <p>The workshop consisted of 3 parts:</p> <ol style="list-style-type: none"> 1. INTRODUCTION: introduction of work leaders, description of the project and description of goals and course of 			

workshops. In that part also: introduction of participants and quiz on European Union.

2. YOUTH AND POLITICS:

Contextual presentation - voter turnout among young people during various elections in Poland, the mobilization potential of young voters.

Exercise no. 1: Why do young people not vote? - work in groups; presentation of the results of working on an exercise.

Exercise no. 2: Persona - work in groups; presentation of the results of working on an exercise.

Competition for the best policy proposal: rules explanation, presentation "5 Principles of a Good Video".

3. REVERSE ATTENTION STRATEGY:

Exercise 3: "Reverse Attention Strategy" - work in groups, presentation of the results of working on an exercise.

Due to problems with attendance (only a part of the registered people took part in the workshop - there were transport difficulties due to bad weather conditions and because Kraków hosted the 3rd European Games on that day), it was necessary to hold additional workshops.

Second workshop meeting was held on September 9 in Warsaw. The workshop was led by trainers from the Geremek Foundation. The activities were the same as at the first workshop, but the methodological amendments developed in June were implemented.

Main topics covered during the exercises: reasons why young people do not participate in elections and do not get politically involved, and ways how this can be changed.
